The K-State 8 general education areas are covered by courses required in the Landscape Architecture curriculum. Information about K-State 8 is available on the web and in the university catalog.

All required courses in the Landscape Architecture program that are counted toward the degree must be passed with a grade of C or better.

*A minimum of 6 general elective credits must be taken. General electives may be taken in pursuit of a minor. They may be taken any time prior to or during the Landscape Architecture program and may include K-State-approved AP, IB, CLEP and transfer credit. Students may not count more than 3 total hours of recreation credits toward graduation.

Graduate School admission is contingent upon completion of all required courses in the third through sixth semesters.

**Off-campus semester: Two distinct study opportunities are offered, each requiring 14 credit hours. The study abroad and the internship options have course requirements that substitute for the 9 professional elective credit requirements. If the internship option is not selected during the seventh or eighth semester, a summer internship is required before graduation.

***Six credit hours of the required graduate-level professional electives shall be LAR courses. Students may petition for an exception to this policy if there is a demonstrated academic benefit.
